## Asian American and Native Hawaiian/Pacific Islander Students in Higher Education

### CENSUS OVERVIEW

According to the Census' American Community Survey, in 2022 [20.4 million](#) (6.1%) of the U.S. population were Asian American or Native Hawaiian/Pacific Islander (AAPI).<sup>1</sup> Of the approximately 19.7 million Asian Americans, the largest ethnic groups were Asian Indian (4.5 million), Chinese (4.5 million), Filipino (2.9 million), Vietnamese (1.9 million), Korean (1.5 million), and Japanese (717,000). Of the 665,807 Native Hawaiian/Pacific Islander residents, 185,000 were Native Hawaiian, 123,000 were Samoan, and 74,000 were Chamorro. Among Asian American residents aged 25 or over, [57.4%](#) had earned a bachelor's degree or higher. Among Native Hawaiian/Pacific Islander residents aged 25 or over, [19.8%](#) had earned a bachelor's degree or higher. In 2010, the shares of bachelor's degree or higher recipients for Asian Americans and Native Hawaiian/Pacific Islanders were [49.9%](#) and [14.9%](#), respectively.<sup>2</sup>

### ENROLLMENT

- In [Fall 2022](#), AAPI students made up 7.6% of all postsecondary enrollment.
- In 2022, 60.8% of the Asian and 27.4% of the Native Hawaiian/Pacific Islander 18–24-year-old population were [enrolled](#) in college compared to 39% of the overall U.S. population.
- Since fall 2012, AAPI student enrollment has increased from 1.26 million to 1.42 million, a 12.5% increase:
  - Undergraduate enrollment increased from 1.06 million to 1.16 million, an 8.6% increase.
  - Graduate enrollment increased from 195,400 to 261,100, a 33.6% increase.
- Disaggregating data shows a mixed result:
  - Asian American student enrollment increased from 1.19 million to 1.37 million between fall 2012 and fall 2022.
  - Native Hawaiian/Pacific Islander enrollment decreased from 63,500 to 44,400 between fall 2012 and fall 2022.
- AAPI students are much more likely to [attend](#) public versus private institutions of higher education.
  - In fall 2022, 73.9% of AAPI students attended public institutions:
    - 53.1% attended public four-year institutions.
    - 20.8% attended public two-year institutions.
- [20.5%](#) of the fall 2021 enrollment at Asian American and Native American Pacific Islander-Serving Institutions (AANAPISIs) were AAPI students.

---

<sup>1</sup> Collectively, the AAPI umbrella represents over 50 different ethnic groups that vary greatly in terms of languages, English proficiency, colonial history, immigration patterns, and socioeconomic and first-generation college-going status. For federal data sources, AAPI includes Asian American and Native Hawaiian/Pacific Islander populations.

<sup>2</sup> When discussing race/ethnicity, disaggregating to the extent possible is very important. We will be discussing AAPI students because this group is used for federal designations, but it is important to note that data is available at deeper levels than AAPI. For more information, see the [AAPI Data Project](#).

## FINANCIAL AID

- According to the National Postsecondary Student Aid Survey, [47%](#) of AAPI students received some form of federal Title IV financial aid in the 2019-20 academic year, compared to 55% of all students.
  - [34%](#) of AAPI students received a Pell Grant, compared to 40% of all students.
    - [34%](#) of Asian American students received a Pell Grant, while 39% of Native Hawaiian/Pacific Islander students received a Pell Grant.
  - [26%](#) of AAPI students received a federal student loan, compared to 35% of all students.
    - [25%](#) of Asian American students received a federal student loan, while 34% of Native Hawaiian/Pacific Islander students received a federal student loan.
- Among AAPI students who received federal Title IV aid, the [average amount](#) received was \$8,959.
  - The average Pell Grant amount for AAPI students was \$4,651.
  - The average federal student loan amount for AAPI students was \$9,375.

## COMPLETION/DEGREE ATTAINMENT

- 78% of first-time, full-time Asian American students attending four-year institutions beginning in 2015 graduated within six years, while 51.6% of Native Hawaiian/Pacific Islander students graduated within six years, compared to 64.5% of all students.
- At two-year institutions, among first-time, full-time students beginning in 2018, [43%](#) of AAPI students graduated within three years, compared to 35% of all students.
  - 44% of Asian American students graduated within three years, while 30% of Native Hawaiian/Pacific Islander students graduated within three years.
- Of the more than two million [bachelor's degrees](#) conferred in the 2021–22 academic year, 174,601 (8.7%) went to AAPI students.

## EARNINGS AND WEALTH

- According to the Baccalaureate and Beyond Study, ten years after receiving a bachelor's degree, AAPI graduates who reported having an income averaged a gross income of [\\$89,947](#), compared to the national average of \$76,370.
  - Asian American graduates reported an average gross income of \$91,282, while Native Hawaiian/Pacific Islander graduates reported an average gross income of \$69,634.
- Wealth accumulation can be [measured](#) differently from income. Ten years after graduating:
  - [53%](#) of AAPI graduates reported owning a home, compared to 63% of all graduates.
  - [82%](#) of AAPI graduates had some form of a retirement account, compared to 87% of all graduates.
